General Education Electives
Graduation Requirements for Degree Students

Every degree student at Fanshawe must complete General Education electives as part of their program. Without completing these courses, a student cannot graduate. Each degree program has a unique set of elective requirements. Students should identify what electives they need to graduate with and plan their course selection carefully. Students with previous university credits, or those who bridged into their degree program, may be eligible to receive transfer credits. Students should consult with their Academic Advisors and the School of Language & Liberal Studies to ensure they meet their graduation requirements.
