WHY STUDY IN SIMCOE?

There are many benefits to studying at a smaller campus:

- Programs designed to prepare you for high-demand careers in our community
- Small classes with easier access to faculty experts and student supports
- Strong partnerships with regional employers
- Familiar faces and fun campus activities to add to your student experience
- Lower fees and free parking

4 Post-secondary programs
8 Short-term training programs
13 Continuing education
14 Professional development courses
15 General interest courses
POST-SECONDARY PROGRAMS

Our programs provide exceptional learning opportunities, student support and industry connections to prepare you for career success. Classes are offered in a blended delivery format this winter, combining online and in-person classes.

Adventure Expeditions and Interpretive Leadership
Diploma (45 weeks)
Apply now for September
If you have the mind for business, a passion for nature and a love of adventure, then this program is meant for you. You’ll learn the ins and outs of the growing eco-tourism industry. By graduation, you’ll have expertise to design programming, lead nature expeditions, manage authentic learning experiences and even build your own business!

Agri-Business Management
Graduate Certificate (30 weeks)
Apply now for January or May
This exciting program is for those wanting to enter a career in the dynamic agricultural sector at the supervisory level or to manage relationships in an agri-business environment. From farm to fork, and everything in between, graduates will have the opportunity to seek employment in a wide variety of agricultural businesses within one year!

Developmental Services Worker
Diploma (Accelerated 48 weeks)
Starts every 6 weeks – apply now!
If you have a passion for others, this program will show you how to properly care for people with developmental disabilities in only one year. Program starts every 6 weeks! Combine with ECE and complete both programs in 18 months!

Early Childhood Education
Diploma (Accelerated 48 weeks)
Starts every 6 weeks – apply now!
Your love for child development can translate into a rewarding career of Early Childhood Education. You’ll be ready to help shape the minds of our next generation in only one year. Program starts every 6 weeks! Combine with DSW and complete both programs in 18 months!!

APPLY NOW! · 519-426-8260 · fanshawec.ca/simcoe
Social Service Worker
Diploma (60 weeks) | Fast Track Diploma (36 weeks)
Apply now for September, January or May
You want to make the world a better place. This program combining theory and practical field placements, allows you to develop your abilities to help people overcome a variety of struggles. Offered in a 2-year delivery or a 10-month Fast Track model.

Welding Techniques
Certificate (30 weeks)
Apply now for September or January
Learn a wide range of welding skills in both the classroom and in the real world. This 8-month certificate, which includes a 120-hour work placement, prepares you to write your welding tickets and to begin working in this high-demand field.

Personal Support Worker
Certificate (30 weeks)
Apply now for September or January
A compassionate heart is what is needed in this 8-month program. Learn how to care for people in need, such as the elderly, the chronically ill and people with physical disabilities. This program will start your path to a high-demand career working in long-term care facilities, retirement homes, hospitals or community agencies.

NEW! Practical Elements of Mechanical Engineering
Diploma (30 weeks)
Apply now for January
If your formal studies are behind you, and you’ve already gained some valuable experience working in the engineering field, the Practical Elements of Mechanical Engineering program will allow you to hone your specialized skills, increasing your value and respect in the workplace.

In less than a year, you’ll train in the practical elements associated with your profession, such as CAD, Blueprint Reading, and Machining and Welding. You’ll dig deep into CADD fundamentals, and SPC and metrology, along with tool design, industrial pneumatics and PLCs. You’ll work in state-of-the-art labs with cutting edge equipment, alongside your already well-established peers and potential colleagues. As well, you’ll learn more about project management, sharpening your leadership and administrative skills. All of this will enhance your already world-class set of engineering skills.

These days, the engineering world is all about continuous learning. Don’t stop evolving your skills. Don’t stop learning.

**GENERAL INTEREST COURSES**

Your learning never has to stop. Whether you’d like to upgrade your skills for employment or want to learn something new for fun, we’ve got something for everybody.

**Conversational Spanish 1**

SPAN-9004-01SC $225 + HST + text
Oct 5 - Dec 7 | Tue 6:30 p.m. - 9:00 p.m.

This course is for the beginner student who wants to gain basic knowledge of the Spanish language. The main goal of this level is vocabulary building, basic phonetics, and understanding the base of the language. This basic course is useful for people who are planning to do business or visit Spanish speaking countries.

**Conversational Spanish 2**

SPAN-9021-01SC $225 + HST + text
Oct 7 – Dec 9 | Thu 6:30 p.m. – 9:00 p.m.

This course builds on the skills acquired in Conversational Spanish I. It is for the intermediate level student who wants to expand their knowledge of the Spanish language. The main goal of this level is expanding vocabulary, phonetics and the familiarity with the language.

**Welding Technology**

WELD-9043-01SC $699
Oct 6 – Dec 8 | Wed 6 – 9 p.m.

This course will be a combination of technique and hands-on learning from basic to advanced level. Your course of study will depend on your skill level. Upon completion of the course, students will be eligible to test for welding tickets at an additional cost.

Note: Students must provide their own gloves, safety boots, safety glasses, pliers, chipping hammer and welding helmet.
MICROCREDENTIALS

Shorter in duration, and developed based on industry demand, microcredentials are the perfect way to develop specific skills and help you grow in your career.

- Earn digital badges when you complete your training;
- Stack your badges to level-up your training and earn series badges to demonstrate your mastery in a specific area;
- Share your badges on social platforms to enhance your profile in job searches.

Risky Play and Safety in Outdoor Education
EDUC-1107-40 JMC  $285 + HST
Sep 22 – Dec 17 (blended)
This microcredential will provide students with the necessary knowledge, skills, and experiences to initiate and develop an outdoor education program that supports risky play, self-regulation and safety among children. You will explore the education theories of risky play and self-regulation, while also providing the skills necessary to develop a safe outdoor education program. Curriculum topics include, self-regulation, risky play, risk management and safety. Class hours: 20

The Outdoor Classroom
EDUC-1107-40 JMC  $490 + HST
Oct 4 – Nov 19 (blended)
This microcredential will provide students with the necessary knowledge and skills to initiate and design an outdoor classroom for children. You will explore experiential education theories and hands-on methodologies. Curriculum topics will include, outdoor education pedagogy, loose parts and natural materials, designing an outdoor classroom, etc. Total class hours: 40
