

Student Name: _____

Target Graduation Date: _____

Student Number: _____

Academic Program: _____

Bridging from Diploma & Advanced Diploma – Honours Bachelor of Commerce

General Education Electives

Every degree student at Fanshawe must complete General Education electives as part of their program. A student cannot graduate without completing these courses. Each degree program has a unique set of elective requirements based on course subjects and their academic level. Student should identify what electives they need to graduate and plan their course selection carefully.

Students should consult with their Academic Advisors and the School of Language & Liberal Studies to ensure they meet their graduation requirements.

Program Graduation Requirements

Depending on when students begin their program, they *may* have different General Education graduation requirements compared to their classmates. Students are responsible for ensuring they have met all the General Education elective requirements related to their individual circumstance. Students should review the *MyProgress* report within *WebAdvisor* to understand the General Education requirements for their program path.
