during a Let's Talk Science activity/event may be used in whole, or in part, for the educational, promotional or research purposes of Let's Talk Science, its partners and supporters (letstalkscience.ca/our-supporters). This includes, but is not limited to, catalogues, brochures, posters, magazines, articles, books, multimedia presentations, electronic newsletters, public service announcements, Let's Talk Science's websites (letstalkscience.ca, tomatosphere.letstalkscience.ca) and Let's Talk Science's social media pages.

**Let's Talk Science will not publish names of children alongside or as part of photos/recordings.**

I understand that the Internet is not a secure medium; that any material posted on the Internet is accessible to anyone with Internet access and that while Let's Talk Science has made every effort to secure its web site, it cannot guarantee privacy or control access to its web site.

I hereby waive any right to inspect or approve finished photographs/quotes/video/audio recordings and subsequent materials that may be used in conjunction therewith or to the eventual use that might be applied.

Due to the nature of the event, there is a strong possibility of media interest, leading to newspaper, radio, and/or television coverage in which your child may appear or be featured.

By signing this form, I provide consent for my child to be photographed or filmed for media coverage purposes as well.
