WHY STUDY IN SIMCOE?

There are many benefits to studying at a smaller campus:

- Programs designed to prepare you for high demand careers in our community
- Small classes with easier access to faculty experts and student supports
- Strong partnerships with regional employers
- Familiar faces and fun campus activities to add to your student experience
- Lower fees and free parking

IN THIS ISSUE:

4 Post-secondary programs
7 Short-term training programs
12 Professional development courses
15 General interest courses
Our programs provide exceptional learning opportunities, student support and industry connections to prepare you for career success. For the latest details, visit fanshawec.ca/simcoe.

**Adventure Expeditions and Interpretive Leadership**  
Diploma (60 weeks)  
Apply now for September  
If you have the mind for business, a passion for nature and a love of adventure, then this program is meant for you. You’ll learn the ins and outs of the growing eco tourism industry. By graduation, you’ll have expertise to design programming, lead nature expeditions, manage authentic learning experiences and even build your own business!

**Developmental Services Worker**  
Diploma (Accelerated 48 weeks)  
Starts every 6 weeks – apply now!  
If you have a passion for others, this program will show you how to properly care for people with developmental disabilities in only one year. Program starts every 6 weeks! Combine with ECE and complete both programs in 18 months!

**Early Childhood Education**  
Diploma (Accelerated 48 weeks)  
Starts every 6 weeks – apply now!  
Your love for child development can translate into a rewarding career of Early Childhood Education. You’ll be ready to help shape the minds of our next generation in only one year. Program starts every 6 weeks! Combine with DSW and complete both programs in 18 months!

**Personal Support Worker**  
Certificate (30 weeks)  
Apply now for January, May, or September  
A compassionate heart is what is needed in this 8-month program. Learn how to care for people in need, such as the elderly, the chronically ill and people with physical disabilities. This program will start your path to a high-demand career working in long-term care facilities, retirement homes, hospitals or community agencies.

**Agri-Business Management**  
Graduate Certificate (36 weeks)  
Apply now for January  
This exciting program is for those wanting to enter a career in the dynamic agricultural sector at the supervisory level or to manage relationships in an agri business environment. From farm to fork, and everything in between, graduates will have the opportunity to seek employment in a wide variety of agricultural businesses within one year!

**APPLY NOW!**

Social Service Worker

Diploma (60 weeks) | Fast Track Diploma (40 weeks)

Apply now for January, May, or September

You want to make the world a better place. This program combining theory and practical field placements, allows you to develop your abilities to help people overcome a variety of struggles. Offered in a 2-year delivery or a 10-month Fast Track model. Fast Track version is only offered with a September start date.

Supply Chain Management (Co-op)

Graduate Certificate (30 weeks)

Apply now for March

This one year post-grad supply chain management certification is designed for university and college graduates looking to specialize in supply chain and logistics. You will be trained to join private or public sectors in the areas of goods and services sourcing, transportation coordinating, and inventory and distribution management. You will also learn how to analyze using computer software and accounting skills, how to communicate in a professional manner, how to assess risk, and how to develop your negotiating skills.

For more information, visit fanshawec.ca/scm2

Welding Techniques

Certificate (30 weeks)

Apply now for January or September

Learn a wide range of welding skills in both the classroom and in the real world. This 8-month certificate, which includes a 120-hour work placement, prepares you to write your welding tickets and to begin working in this high-demand field.

For more information or to apply, go to fanshawec.ca/simcoe

ASK US ABOUT FUNDING ASSISTANCE.
HEALTH CARE OFFICE ASSISTANT

This certificate program provides students with the knowledge and skills needed to excel as a clerk, assistant, or receptionist in a variety of health care facilities such as hospital units, doctor’s offices and clinics.

MICROCREDENTIALS

Shorter in duration, and developed based on industry demand, microcredentials are the perfect way to develop specific skills and help you grow in your career.

- Earn digital badges when you complete your training;
- Stack your badges to level-up your training and earn series badges to demonstrate your mastery in a specific area;
- Share your badges on social platforms to enhance your profile in job searches.

Risky Play and Safety in Outdoor Education
EDUC-1106-40JMC
Continuous Intake – Contact us to register

This microcredential will provide students with the necessary knowledge, skills, and experiences to initiate and develop an outdoor education program that supports risky play, self-regulation and safety among children. You will explore the education theories of risky play and self-regulation, while also providing the skills necessary to develop a safe outdoor education program. Curriculum topics include, self-regulation, risky play, risk management and safety. Class hours: 20

The Outdoor Classroom
EDUC-1107-40JMC
Continuous Intake – Contact us to register

This microcredential will provide students with the necessary knowledge and skills to initiate and design an outdoor classroom for children. You will explore experiential education theories and hands-on methodologies. Curriculum topics will include, outdoor education pedagogy, loose parts and natural materials, designing an outdoor classroom, etc. Total class hours: 40.

Pro-Health First Aid & CPR Courses

These Canadian Red Cross courses provide comprehensive First Aid & CPR techniques for those who want more knowledge to prepare for and respond to emergencies in the home or workplace. This course is a pre-requisite for many of the post-secondary programs offered by Fanshawe College and it meets the WSIB 1101 First Aid training requirements for workplaces. A variety of topics are covered and Automated External Defibrillator (AED) training is also provided with the course. Successful participants will receive Canadian Red Cross certification that is valid for 3 years (Note: Some programs and careers may require you to recertify sooner).

Your learning never has to stop. Whether you’d like to upgrade your skills for employment or want to learn something new for fun, we’ve got something for everybody.

Medical Cannabis  
PHRM-9000-01SC $75 + HST  
Feb 10 | Sat 10 a.m. – 2:30 p.m.  
Join us for an educational session where you’ll learn about the properties of medicinal cannabis and how it works in your body. We’ll cover various consumption methods, how to choose the right cannabis for you, and learn how to safely dose. We’ll delve into recipes and some ‘how to’s’ so you can incorporate cannabis into your wellness routine. Let’s explore the world of cannabis as a therapeutic option in a responsible and informed manner.

Conversational Spanish 1  
SPAN-9004-01SC $215 + HST  
Feb 6 – Apr 9 | Tue 6:30 – 9 p.m.  
This course is for the beginner student who wants to gain basic knowledge of the Spanish language. The main goal of this level is vocabulary building, basic phonetics, and understanding the base of the language. This basic course is useful for people who are planning to do business or visit Spanish speaking countries.

Conversational Spanish 2  
SPAN-9021-01SC $235 + HST  
Feb 8 – Apr 11 | Thu 6:30 – 9 p.m.  
This course builds on the skills acquired in Conversational Spanish I. It is for the intermediate level student who wants to expand their knowledge of the Spanish language. The main goal of this level is expanding vocabulary, phonetics and the familiarity with the language.
Digital Camera Basics – Level 1
PHOT-9016-01SC $75 + HST
Feb 7 – 8 | Wed – Thu 6:30 – 9 p.m.
Learn what all the buttons mean and what they are used for on your Digital SLR camera. Learn about basic picture taking, lighting, and posing subjects. Indoor and outdoor photography, what adjustments need to be made for lighting, and settings on your camera will be covered. Loaner digital cameras available.

Digital Camera Basics – Level 2
PHOT-9076-01SC $85 + HST
Feb 21 – 22 | Wed – Thu 6 – 9 p.m.
Building on what you learned in the beginner class, you will learn how to use and experiment with the manual camera settings. You will also learn about basic colour correction and photo manipulation. Bring your Digital SLR camera and learn more valuable skills to get the most out of your camera.

Wine 101
BEVR-9025-01SC $85 + HST
Jan 17 | Wed 6 – 9 p.m.
BEVR-9025-02SC $85 + HST
Jan 24 | Wed 6 – 9 p.m.
The basics everything you want to know! How to Taste – Grape Varietals – Glassware – Cellaring & Buying! Students must be 19 years of age.

Wine 102: Food and Wine Pairing
BEVR-9037-01SC $95 + HST
Jan 31 | Wed 6 – 9 p.m.
BEVR-9037-02SC $95 + HST
Feb 7 | Wed 6 – 9 p.m.
Wine 102 brings focus on understanding the components of food & wine, exploring the "why" and "how" as well as the do's and don'ts of food and wine pairing.

Wines of Ontario
BEVR-1009-01SC $295.98
Feb 21 – Apr 10 | Wed 6 – 9 p.m.
An introduction to the wines of Ontario. You will get to experience some great wines that will help you gain an appreciation for sensory evaluations. This course includes the test for the Wine Council of Ontario’s (WCO) Certification. This is a great intro course for anyone with an interest in wine and/or working with wine. Students must be 19 years of age.

MS Office Clinic
COMP-9707-01SC $99 + HST
Mar 18 – Apr 1 | Mon 6 – 9 p.m.
Microsoft Office is a set of desktop applications that offer flexible and powerful ways to organize, manage and present information. Most commonly used in an office setting, knowledge of MS Office tools are a must for anyone in today’s job market. MS Office helps to improve work efficiency with user friendly features that enable easy and secure information sharing. This software provides resources for professional presentation of data that is compatible with most operating systems. Whether you are looking to expand your MS Office skills for personal use, embarking on a new career or working towards career advancement, this training is what you are looking for!

QuickGuide for QuickBooks Online
ACCT-9022-01SC $135 + HST
Feb 22 – Mar 28 | Thu 6 – 8 p.m.
Learn the key modules necessary to operate QuickBooks Online (QBO) for a small to medium business. This workshop is ideally designed for individuals who will be using QBO on a daily basis or those who have recently begun to use QBO and require further instruction regarding its applications. Students should be familiar with accounting/bookkeeping fundamentals. Classes will be held in our computer lab.

Small Engine Repair
MECH-9038-01SC $425 + HST
Feb 7 – May 15 | Wed 6 – 9 p.m.
Learn how to maintain and troubleshoot small engines such as motorcycles, snowmobiles, chainsaws, and lawn mowers. Two and four stroke cycle operations will be discussed along with topics surrounding fuel, spark, compression, lubrication, storage, and maintenance. Students will apply what they have learned in class to their own small engine project or one may be provided upon request. Classes will be split between 1 hour of theory and 2 hours of hands-on, practical learning in the shop.

Welding Technology
WELD-9043-01SC $699.00 + HST
Feb 6 – Apr 9 | Tue 6 – 9 p.m.
This course will be a combination of technique and hands-on learning from basic to advanced level. Your course of study will depend on your skill level. Upon completion of the course, students will be eligible to test for welding tickets at an additional cost.

Note: Students must provide their own gloves, safety boots, safety glasses, pliers, chipping hammer and welding helmet.
Woodworking Basics – Level 1
WOOD-9025-01SC $155 + HST
Feb 3 | Sat 9 a.m. – 4 p.m.

A fun course designed to expose beginners to woodworking in a safe and positive environment. You will learn to safely use hand tools and power tools to complete a small project to take home at the end of the day.

Class is held at Holy Trinity Catholic High School.

Woodworking Basics – Level 2
WOOD-9026-01SC $165 + HST
Feb 17 | Sat 9 a.m. – 4 p.m.

This workshop will build on the skills learned in the Level 1 class and encourage students to use woodworking tools in a safe and positive environment. You will again learn new skills and complete a small project to take home at the end of the day.

Class is held at Holy Trinity Catholic High School.

Woodworking Basics for Teens
WOOD-9027-01SC $155 + HST
Mar 2 | Sat 9 a.m. – 4 p.m.

Similar to our Woodworking Basics – Level 1 class, but for those in the 13-17 age range. This is a fun course designed to expose youth to woodworking in a safe and positive environment. You will learn to safely use hand tools and power tools to complete a small project to take home at the end of the day.

Class is held at Holy Trinity Catholic High School.
