3.6. Complaint Procedure

- 3.6.1. Any member of the College community or public who is directly affected by the alleged unacceptable conduct of a Special Constable may file a complaint. Unacceptable conduct is normally limited to: abuse of authority; criminal conduct; corruption; excessive use of force; or other unprofessional conduct.
- 3.6.2. If the complainant is a minor, the parent or guardian of the minor may bring a complaint on the minor's behalf and, for that purpose, the parent or guardian is deemed to be the complainant.
- 3.6.3. All complaints regarding the unacceptable conduct of a Special Constable are received, documented, and investigated by the College in accordance with applicable College policies and procedures and in accordance with Guideline D: Special Constable Complaint Procedure.

- 3.6.4. Where the subject matter of a complaint is more appropriately dealt with under another College policy (e.g., P208: Respectful College Community and Prevention of Harassment and Discrimination), the Manager may exercise discretion not to deal with the complaint under this policy and suggest that it be dealt with and decided under another appropriate policy. The Manager may assist the individual in contacting the administrator of the appropriate policy.

Where the circumstances which have given rise to a complaint are also the subject matter of another procedure (e.g., the Complaint Procedure in policy P208) the Manager works with the administrator responsible for the application of the other policy to determine under which policy the matter shall be dealt with first. Where criminal proceedings are initiated against a Special Constable based on the allegations in a complaint that fall within the scope of this policy, the College conducts its own independent investigation, if possible, into the allegations and make its own determination in accordance with this policy.

- 3.6.5. Vexatious or bad faith complaints are contrary to this policy and will result in disciplinary actions or sanctions. For the purposes of this policy, a vexatious or bad faith complaint means a complaint where a complainant makes allegations knowing them to be false or submits a complaint for a purely malicious or vindictive purpose.
- 3.6.6. Substantiated incidents of reprisal or retaliation are contrary to this policy and will result in disciplinary actions or sanctions. For the purposes of this policy, reprisal or retaliation means any adverse action against an individual for invoking this policy or for participating or cooperating in an investigation under this policy or for associating with someone who has invoked this Policy or participated in the policy's procedures.
- 3.6.7. Where a complaint has been substantiated or where it has been determined that a complaint was a vexatious or bad faith complaint, appropriate corrective or disciplinary action will be taken by the College. Such action may include but is not limited to: an apology, counselling, education or training, warning, suspension without pay, leave without pay, demotion, transfer, or termination of employment. Where it has been determined that a complaint was a vexatious or bad faith complaint, the Manager may also exercise their discretion to not investigate or to cease to further investigate the complaint.

Addendum: **Guideline D: SPECIAL CONSTABLE COMPLAINTS**

Issued by: Chief Infrastructure Officer, Finance and Administration

Effective: 2024-04-01

1. PURPOSE

The purpose of this guideline is to establish a process to investigate and dispose of complaints against Special Constables.

2. APPLICATION

Any member of the College community or the public who is directly affected by the alleged unacceptable conduct of a Fanshawe College Special Constable may file a complaint to the Manager, Campus Security Services ("Manager"). Unacceptable conduct is normally be limited to: abuse of authority; criminal conduct; corruption; excessive use of force; or other unprofessional conduct. Such complaints are processed under this procedure. A complaint involving the Manager is submitted to the Chief Infrastructure Officer, Finance and Administration ("CIO") or designate. Where a complaint involves the Manager, references to the Manager elsewhere in this procedure are taken to refer to the Director or designate and references to the Director are taken to refer to the CIO.

2.1. The Parties

The parties to a complaint under this procedure are:

- The complainant: an individual who makes a complaint, and
- The respondent: a Special Constable who is named in a complaint as a person responsible for the alleged conduct under complaint.

2.2. Time Limits

Complaints must be filed within six months of the incident giving rise to the complaint. Other time limits prescribed in this procedure may be extended by mutual agreement of the parties.

2.3. Confidentiality

Confidentiality with respect to complaints will be maintained to the greatest extent possible, having regard to the circumstances giving rise to the complaint and subject to the College's obligation to conduct a thorough investigation.

A complainant is not entitled to complete confidentiality or anonymity. The respondent will be informed of the identity of the complainant.

Parties and witnesses are expected to keep information discussed confidential. Unwarranted breaches of confidentiality may result in disciplinary action or sanctions.

Confidentiality with respect to the findings of an investigation is maintained, except to the extent necessary to implement or defend the corrective or disciplinary action taken, or as required by law.

Where corrective or disciplinary action is taken against either the complainant or the respondent, the other party is advised that action has been taken, but is not provided with the particulars of that action.

Documentation regarding corrective or disciplinary action taken will be maintained by the College. Subject to the provisions of the Freedom of Information and Protection of Privacy Act, and as required by law, documentation and records pertaining to a complaint will be held in strict confidence in files maintained by the Manager.

3. COMPLAINT PROCESS

The following process applies to complaints made pursuant to this policy. The complainant may withdraw a complaint at any time during the process. Depending on the circumstances, the College may continue to act on an issue arising in a complaint even when it has been withdrawn.

3.1. Stage One – Informal Resolution (Optional)

3.1.1. If the complainant wishes to attempt informal resolution they should contact the Manager. The Manager provides the complainant with a copy of this policy and guideline. The complainant provides the Manager with the following information:

- The name of the Respondent(s);
- The nature of the complaint setting out the alleged conduct;
- The time and date of the incident(s) giving rise to complaint;
- The names of any witnesses to the incident (s) given rise to the complaint; and
- The resolution the complainant is seeking.

3.1.2 The Manager advises the complainant whether, based on the information provided, the complaint falls within the jurisdiction of this policy.

3.1.3 Based on the information provided the Manager may recommend an appropriate informal dispute resolution mechanism. This may take the form of the Manager meeting with the parties to act as an informal mediator, arranging for another individual to assist in the resolution of the complaint or suggesting other such actions as may be appropriate in the circumstances. If the complainant and respondent agree, such a mechanism will be pursued.

3.2 Stage Two – Formal Written Complaint and Investigation

3.2.2 The complainant may submit a written and signed formal complaint to the Manager, including the information detailed in section 3.1.1 above.

3.2.3 On receipt of a written complaint, the Manager:

- If necessary, within 10 College business days of receipt of the complaint, meets with the complainant to clarify the complaint details.

- Within 10 College business days of that meeting, the Manager advises the complainant if the complaint will be pursued under this policy and if not, the reasons for not pursuing the complaint or for suggesting a more appropriate forum.
- Within 10 College business days of the Manager advising the complainant that the complaint will be pursued under this Policy, the Manager informs the respondent in writing of the complaint and advise the respondent to provide a written response to the allegations within 10 College business days.
- If necessary, within 10 College business days of the Manager receiving the respondent's response, the Manager meets with the respondent to clarify the response details.
- Within 10 College business days of the Manager having received all submissions and clarifications, the Manager identifies the steps to be taken to resolve the matter.
- If the Manager deems formal mediation appropriate, it will be offered to the complainant and the respondent. If the complainant and respondent both consent, the College will arrange for a mediator. If a mediated settlement is reached, the terms of the settlement are reduced to writing and be signed by the complainant, respondent and the mediator. If the settlement requires any action on the part of the College, the settlement will require the agreement of the Director or designate. Discussions between the parties at mediation will be treated as privileged to the full extent permitted by law.
- If mediation is not pursued or is unsuccessful, the Manager appoints an investigator and notifies the parties of the identity of the investigator.
- The investigator commences the investigation within 10 College business days of the date of the appointment. Any objections to the appointed investigator may be made by the parties within two College business days of notification of appointment. Only objections based on substantive issues such as conflict of interest or bias against a party are considered.
- The investigator commences an investigation within 10 College business days of the date of the appointment. The Investigator will:
 - Interview the complainant and the respondent and obtain signed statements;
 - Interview the witnesses suggested by the parties and obtain signed statements;
 - Interview other witnesses who may provide relevant information for the investigation and obtain signed statements;
 - Gather written, electronic or other evidence;
 - Within 45 College business days from appointment submit to the Manager a written investigation report containing a concise summary of the findings of the investigation.
 - If required, the investigator may request an extension of this time frame. The Manager will advise the parties if additional time has been granted.

3.3 Stage Three – Investigation Report, Summary of Findings and Disposition

3.3.1 *Disposition Meeting*

Within 10 College business days of receiving the investigator's report, the Manager forwards a copy of the investigation report to the CIO or designate, and arranges a meeting with the CIO or designate, and anyone else who either the Manager or the CIO determines will add value to the process. The purpose of the meeting is to determine what action, if any, the College will take to bring closure to the complaint.

Unless otherwise stipulated by an agreement, in the event that a decision might affect the status of a Member as a Special Constable, the Manager or designate, will also report the findings of the investigation to the applicable police service(s).

3.3.2 *Written Notification*

Within five College business days following the meeting, the Manager or designate provides the complainant and the respondent with a written summary of the investigator's finding. Each party is advised what action, if any, that relates directly to that party, that the College will be taking to bring closure to the complaint.

3.3.3 *Redress and Sanctions*

Where a complaint has been substantiated or where it has been determined that the complainant filed a complaint that was vexatious or made in bad faith, appropriate corrective or disciplinary action will be taken by the College. Such action may include but is not limited to: an apology, counselling, warning, education or training, suspension without pay, leave without pay, demotion, transfer, termination of employment. Where it has been determined that a complaint was a vexatious or bad faith complaint, the Manager may also exercise their discretion to not investigate or to cease to further investigate the complaint.

Unless otherwise stipulated by an agreement, in the event that a decision affects the status of a Member as a Special Constable, the Director also notifies the appropriate police service(s) and the Ministry, if necessary, of the corrective or disciplinary action taken by the College.
