TELL ME MORE® Campus Student Guide

A: TELL ME MORE®

1- Point Internet Explorer to
http://start.tellmemorecampus.com and
enter your user name and password.
Note: Firefox and Mac are not supported.
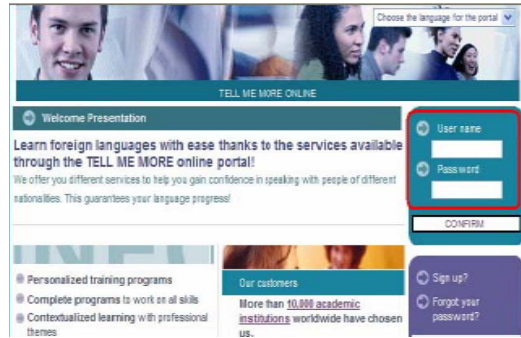

The first time you log in, you will be
required to take the computer test. Click
on 'Clicking here' to start the computer
test.

If you are accessing TELL ME MORE®
from your school, the 4 components will
be in green = optimal configuration. If
you are accessing from home you will be
prompted to install the Auralog
components. You will need to do this
only once per computer.

B: Your Assignment

Once the computer test is completed,
please select your instructor-assigned
lesson by clicking on the title – TELL ME
MORE® is now loading.

You will now see the lessons provided
by your instructor *(a minimum of one).*
The activities in each lesson(s) are
symbolized by squares, moving left to
right. **Click on the title of the first
lesson (red rectangle).**

After clicking on the first lesson title,
you will see the activities displayed with
their corresponding focal area. Start with
the first activity and proceed in order,
from top-to-bottom, left-to-right.
C: The Activities

**1- Read the instructions of each
activity thoroughly:** activities will vary
from one to another even though they may
look the same; the instructions are on the
top left corner.

**2- Look at the number of exercises in
each activity** that is on the top right
corner of the screen. The arrows allow you
to move from one exercise to another

3- Finding Help: Help is always available
on the top right corner of the screen.
You will find help with the screen, with
navigating the solution and additional
useful tips

D: The Tools

There are 6 tools for the students *available throughout TELL ME MORE®.*

Note: Not every tool is available in every exercise – depending on the type of the exercise. The translation function requires activation by your instructor.

The *TELL ME MORE®* Tool: It is

This is how to use it: 1- Click on the icon. The *Find out more about a word* box will appear and all the words on the screen will be underlined – you can now find out about any underlined word you click on.

terminer	
terminer (v.): complete; finish	
Pronounce the word	
Listen to the word	
Conjugation	

The *TELL ME MORE®* tool will give you:

- Translation of the word (if available)
- The ability to pronounce the word
- The ability to listen to the word
- If it is a verb, you can access the conjugation. Note: this option is not always activated.

The *Grammar Explanation* Tool:

This tool allows you to see the grammar explanation related to the specific exercise your are working on.

Translation: *By clicking on the flag,* you can see the text on the screen translated into the interface (instruction) language. (Requires instructor authorization).

Send a message: You have the ability to send messages directly to your instructor through the message tool. (Requires instructor authorization).

The *Correction* Tool: This tool allows you to check your answers without losing any points. You are able to see in RED where your mistakes are and in GREEN what you have done correctly.

The *Solution* Tool: This tool will provide you with the answers. Every time you use this tool, you will lose points.

Note: Your Instructor is able to see whenever you use the solution tool.

However - You are able to go back and redo the exercise if you want to get a better score.

Installing the TELL ME MORE® components

Download and install the Auralog Components from:
ftp://club.auralog.com/hotline/Tell_me_More_7_edu portal/tools/components/Tol9Setup.exe
The installation takes place automatically in the background– without you having to specify any location for files to be placed on your computer.
After the installation, point Internet Explorer to
www.tellmemorecampus.com
Note: Firefox or Mac are not supported.
Click on "clicking here" (red rectangle).

A new window will appear and the computer test will start. At the end of the computer test, you will be able to access TELL ME MORE®.
