

2012-2013 Graduate Report

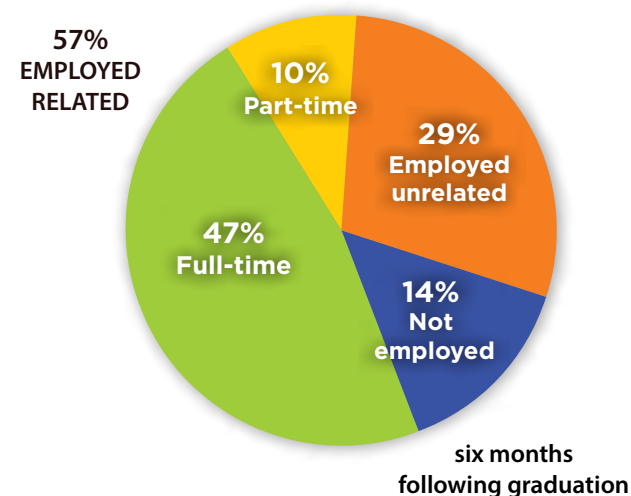

Fanshawe College graduates are successful in finding employment within six months of graduating. Fanshawe's KPI Graduate Employment rate is 86%, which is once again above the provincial average of 83%.

Key Performance Indicators

The Key Performance Indicators (KPI), which measure the performance of all Ontario's publicly funded colleges of applied arts and technology, summarizes the employment experience of our 2012/2013 graduates. This includes graduates from August and December 2012 and April 2013 who were surveyed approximately six months after graduation. A third-party research firm gathers the data, tabulates it and reports its findings. A major component of KPI is the surveying of college graduates to determine their employment status, earnings, occupation and their relationship of the graduate's occupation to their program of training.

Explanation of Column Headings

- 1. Length of Program**
This is the number of years of study for the program.
- 2. Number of Graduates**
This is the total number of graduates in each program during the one year period including August 2012, December 2012 and April 2013.
- 3. Further Education**
