A student success plan will be developed. Students with a term GPA of 1.25 or less will be placed on academic probation and will require permission of the Academic Manager or designate to continue. Students having two consecutive semesters of academic probation will not be permitted to progress.

Some programs may have a higher minimum GPA for progression purposes.

RECOMMENDED ACTIONS		
STANDING	ACTION	EXPLANATION
Conditional Continuation Status	Form Letter	Required. Student needs to be informed that, in order to graduate, must have no failures and a GPA of 2.0 or higher.
	Student Success Plan	Recommended. Student Success form completed by the student identifying reasons for difficulty, solutions and strategies for success and resources required to achieve success.
	Specific conditions to be met in following term	Optional. Could establish specific conditions which student must meet in the next semester in order to continue in the program (e.g., must have a cumulative GPA of 2.0 or greater and no failed courses).
Academic Probation Status	Student Success Plan	Required. Student Success form completed by the student identifying reasons for difficulty, solutions and strategies for success and resources required to achieve success.
	Learning Contract	Recommended. Learning Contract is similar to Student Success plan (and would likely use the same form) but in this second case the plan is developed by the coordinator or designate. Dialogue with student is optional.
	Form Letter (on second offense)	Required. The second time a student is on Academic Probation a letter should be sent to the student outlining the circumstances of this status and the resultant “must reapply” if the student is not successful at improving his/her status.
Must Reapply Status	Retake Course(s)	May be identified as a condition of re-admittance to improve GPA in order to graduate.
	Learning Contract	May be used if student has had consistent difficulties identified through a series of success plans or learning contracts. This contract identifies conditions for remaining in the program after being readmitted.
	No Admittance	May be used when students have consistently demonstrated inability to meet conditions established in success plans/contracts.
