Grants = Money you keep
The grant portion of OSAP is money you don’t have to pay back in most situations.

Loans = Money you pay back
Did you know that you don’t have to take the loan portion of OSAP if you want to avoid debt? It’s important to understand your responsibilities when you accept a loan.

2. Meet all admission conditions
Are you still finishing high school, college or university? Are you currently enrolled in a course listed as an admission requirement for your program? More information about fee payments will be sent to you after your confirmation due date.
