WHY STUDY IN ST. THOMAS?

There are many benefits to studying at a smaller campus:

- Programs designed to prepare you for high-demand careers in our community
- Small classes with easier access to faculty experts and student supports
- Strong partnerships with regional employers
- Familiar faces and fun campus activities to add to your student experience
- Lower fees and free parking

IN THIS ISSUE:
4 Post-secondary programs
6 Short-term training programs
10 Professional development courses
13 General interest courses
POST-SECONDARY PROGRAMS

Our programs provide experiential learning, student support and industry connections to prepare you for career success.

Child and Youth Care  CYW2S
Accelerated Advanced Diploma (90 weeks)
Start in September
Make a difference in the lives of at-risk children and teens. Learn theory in-class and practice at your work placement. Real experience helps you get a job faster. Child & Youth Care is offered in accelerated format.

Early Childhood Education  ECE1S
Diploma (60 weeks)
Start in September
Your love for child development can translate into a rewarding career of Early Childhood Education. You’ll be ready to help shape the minds of our next generation!

Also available part-time. Funding available for those who qualify.

Mechanical Engineering Technician – Industrial Maintenance  MIM3S
Diploma (48 weeks)
Start in September
Modern machines need constant maintenance to run efficiently. This program prepares you to be the key person in charge of making this happen. Graduates exempt from Level 1 Apprentice Theory.

Mechanical Engineering Technician – CNC/CAM  MNC2S
Diploma (45 in-class & 30 Co-op weeks)
Start in September
This program improves your employability in the in-demand industry of computerized machining. This program includes an overview of computer applications, numerical control technology and computer aided design in 2D and 3D modes.

Mechanical Technician – Tool & Die  TDI1S
Diploma (45 in-class & 30 Co-op weeks)
Start in September
This co-op program gives you theory in the classroom and application in the co-op. Graduates will be prepared to work in modern tooling workshops by the end of the program. Graduates exempt from Level 1 Apprentice Theory.

Personal Support Worker PSW6S
Certificate (30 weeks)
Start May, September or January
A compassionate heart is what is needed in this hands-on program. Learn how to care for people with special needs and the elderly while you start your path to a career working in home care, long-term care homes and hospitals.

Personal Support Worker – Weekends in Aylmer PSW9S
Certificate (44 weeks)
Start in January 2021
Now offered in a weekend format for your convenience, this hands-on program will prepare you to care for people with special needs and the elderly in home care, long-term care homes and hospital settings.

Power Engineering Techniques – 4th Class  PEQ1S
Certificate (45 weeks)
Start in September
This program provides a thorough introduction to all aspects of the work of Power Engineers at the 4th class level, offering both theory and practical learning opportunities. Students will be exposed to a variety of power generating equipment in use, in both private and public sector settings.

Pre-Health Sciences Pathway to Advanced Diplomas and Degrees  PHS2S
Certificate (30 weeks)
Start in September
If you want to work in health care, but are unsure what area, this program is for you. Pre-Health gives you the foundation to explore many different areas of the industry giving you the knowledge to make an informed judgment on what area you would like to focus.

Renewable Energies Technician RET3S
Diploma (60 in-class & 30 Co-op weeks)
Start in September
Renewable energies is one of the fastest growing industries. This program provides you with knowledge on solar energy, wind turbines, bio-mass energies, and geothermal systems to get you to work as soon as you graduate.

Welding Techniques  WTQ1S
Certificate (30 weeks)
Start in May or September
Learn a wide range of welding skills in both the classroom and in the real world. This hands-on certificate with a work placement prepares you to write your welding tickets and the ability to begin working in the field.

For more information or to apply, visit fanshawec.ca/stthomas. Ask us about funding assistance.
**CONTINUING EDUCATION PROGRAMS**

Work towards a credential at your own pace. Take the entire series of courses or just the one you want.

**American Sign Language ASL1**
The program will be of interest to those who wish to develop sign language concepts and use basic American Sign Language skills. Students will learn abstract concepts dealing with the environment outside of the classroom. This program will give graduates sufficient skills to enable them to communicate, at a basic level, with members of the non-hearing community in a variety of situations.

Artistic Welding
WELD-9033-60ST $277 + HST
May 23 – Jun 13 | Sat, 9 a.m. – 3 p.m.
This hands-on course is designed to expose students to basic welding techniques through the creation of an artistic welding project. Students will learn welding safety, basic SMAW and GMAW welding, tacking and fabricating techniques. Students will complete an artistic weld project that is chosen in consultation with the instructor.

Intro to Welding NEW
WELD-9037-60ST $277 + HST
June 19 – July 31 | Fri, 6 – 10 p.m.
This hands-on interactive course covers welding safety, tig, mig and stick welding. This course is designed for people who would like to learn basic welding, and welding career requirements and opportunities. Students will be able to choose a welding project they can complete while in class.

Photography DSLR
PHOT-9081-60ST $159 + HST
May 19 – Jun 23 | Tue, 6 – 9 p.m.
Take and edit pictures like a pro with this introductory photography course. Camera functions, settings, lens, photocomposition and shoot modes are covered. Participants will use Photoshop to remove blemishes, adjust colours, retouch and enhance images to gain a professional look. Digital photo management and storage are also covered. Students must bring their own Digital Single Lens Reflex (DSLR) camera, memory card and card reader.

DIY Skincare NEW
AEST-9077-60ST $225 + HST
May 13 - Jun 18 | Wed, 6 – 8:30 p.m.
Homemade skincare products are very popular at local markets, through online sales and for personal use. Create your own skincare side hustle or just feel confident knowing what is in your skin care regime. This course focuses on recipe tutorials, basic aromatherapy, and ingredient knowledge. You will create body butters, mineral clay masks, body scrubs, soaps, and creams. Basic home business practices are also covered. We will end with a “spa” night using the products created in class. Students will take home five skincare products. Please bring a small towel and hair band to each class.

Eyelash Extension
AEST-9035-60ST $455.88 + HST
May 4 & May 11 | Mon, 5 – 10 p.m.
Aug 24 & Aug 31 | Mon, 5 – 10 p.m.
This workshop is intended for anyone interested in learning the art of applying the semi-permanent technique of eyelash extensions. Semi-permanent lashes are intended to last 4-6 weeks in duration. Learn how to apply semi-permanent eyelash extensions for yourself, friends and clients. Price includes kit.

Medicinal Cannabis
HLTH-9338-60ST $108 + HST
May 12 – Jun 2 | Tue, 6 – 9 p.m.
Medicinal cannabis is a growing treatment for a variety of medical conditions. Understanding its history, myths, potential and pitfalls will enable the learner to make informed choices. Route of administration, dosing, side effects, production, legality, addictive properties and emerging trends for this alternative treatment will be covered.

Cooking with Cannabis NEW
FDMG-9231-60ST $111 + HST
Jun 4 – Jun 25 | Thu, 6 – 9 p.m.
Come see what all the buzz is about when it comes to cooking with cannabis. We will cover proper decarboxylation, cooking techniques, dosages, health and safety. Participants will make cannabis butters, oils, sugars and tinctures for personal medical and recreational use. This is a show and tell course - no cooking will be done in class. Students will have weekly homework cooking assignments, which they will receive feedback in the following class. No consumption of cannabis products will take place during class.
Beekeeping
ENVR-9003-60ST $121+ HST
Apr 1 - Apr 22 | Wed, 6 – 9 p.m.
Cinnamon honey, blueberry honey, clover honey, it is all delicious and the bees that create it are fascinating creatures. We will explore the basics of beekeeping - the why, the how to, and the many products you can extract from keeping your own colony. Bees are the main contributor for pollinating 1/3 of the world’s food supply. Not only can you gain an interesting and delicious hobby, but you will also be helping the environment through natural food production. Last class includes a hive tour and honey tasting field trip. This course will give you a real BUZZZZ!

SFA CPR (Level C with BLS) & AED
HLTH-9227-60ST $124 + HST
Jun 13 | Sat, 8:30 a.m. – 4:30 p.m.
Aug 8 | Sat, 8:30 a.m. – 4:30 p.m.
This Canadian Red Cross course provides comprehensive First Aid & CPR techniques for those who want more knowledge to prepare for and respond to emergencies in the home or workplace. This course is a pre-requisite for many of the post-secondary programs offered by Fanshawe College. This course meets the WSIB 1101 First Aid training requirements for workplaces.

Home Repairs for Women
CONS-9013-60ST $111 + HST
Jun 6 – Jun 13 | Sat, 9 a.m. – 3 p.m.
Save money by doing your own home maintenance and repairs. Leaks, squeaks, drains and general home repairs will be covered in this hands-on, interactive class. Participant numbers are limited so early registration is recommended.

Bricks and Bread
CRAF-9174-60ST $61.12 + HST
Jun 13 | Sat, 10 a.m. – 4 p.m.
Spend a wonderfully relaxing day on the farm baking artisan sourdough bread and pizza, which you will enjoy at lunch. Then spend the afternoon learning tips and tricks to build your own home brick oven to WOW family and friends with your own wood fired meals. NOTE: Brick ovens not included. Space is limited so register early to avoid disappointment.

Career Destinations is a series of FREE employment specific workshops that allow participants to learn what is required in various professions, learn if they are suited for these professions and learn the entry-level skills that are required. Registration is through the individual contacts listed for each workshop.
